# From July Minutes on EPs Itinerary

b. TT commented that it is understandable if this is the case of EPs only. But he wants to make clear how to accommodate EPs itinerary in the journey itinerary. His question could be depicted as in the following.

## Journey Itinerary

c. TT also commented that in the itinerary such information as price, guide, food, drink, etc. should be well described.

--AS responded that TT's request for itinerary could be well accommodated in the same structure as AS had explained. But AS will be considering TT's requested case further to make sure of the handling.
